

Why MAI Premium?

Waiting for access to medical services is a Canadian reality.

Picture yourself in the following scenario—one that is only too real for many:

Your GP refers you to a Specialist due to a persistent abdominal pain. Your appointment is 34 weeks away! The Specialist advises that further analysis is needed and orders Magnetic Resonance Imaging (MRI)—another 9 week wait. Based on the results, the Specialist advises exploratory surgery is needed and to expect a minimum 10 week wait. Up to 53 weeks to wait in the public system!

With MAI Premium, this scenario can be expedited to as little as 4 weeks in total.

Now imagine the worst case scenario—the surgery reveals you have cancer. The early detection, made possible through MAI Premium, gives you the best chance of survival. This serious diagnosis is tempered by the **MAI Premium \$150,000 Critical Illness benefit** providing you with the funds needed to access physicians, facilities and treatment so you can concentrate on your recovery.

MAI Premium may be the best insurance decision you ever make!

Potential Cancer?
You cannot wait.

Early Detection of Cancer

2 in 5 Canadians (40%) will experience Cancer in their lifetime. If detected early enough, 65% to 95% will survive*. MAI provides over 25 endoscopic exams and over 20 MRI and CT scans for early detection.

*depending on the type of cancer

How does it work?

If your wait list is longer than 45 days, we're here to help. Approved services begin immediately. We arrange all consultations, diagnostics, surgery and travel.

When can I make a claim?

Call us immediately when your GP recommends you see a Specialist, or if your Specialist recommends an MRI, CT Scan or surgery. We are here to assist you.

Who pays for services?

We pay the costs of your medical care directly to the service provider. All you pay is your affordable monthly premium.

Can I choose my surgeon?

You may select a doctor and/or hospital from an approved list. We make every effort to accommodate any specific requests.

What about travel costs?

Approved travel expenses are covered for diagnostics and surgery and for Specialists appointments when a covered diagnostic or surgery is recommended.
